Get started with Robotics

“

I have always struggled getting a job which I think is because I struggle with interviews and not knowing what to say.

Whilst doing this Robotics course, I have found it really valuable working with others as it has helped my confidence and communication.

### Get Started with Horse Racing

“ Before this programme, I personally believed that I didn't really belong and couldn't see a future for myself. However The Trust gave me the first glimpse of the potential I had.

I have now found my purpose in life and secured a job at David Simcock's Racing Yard in Newmarket.
